

## ANNOUNCEMENT

### GHP & HACCP REFRESHER TRAINING

**Date:** March 17, 2026

**Time:** 10:00 AM – 12:00 PM (Eastern Caribbean Time)

**Courtesy:** COLEAD in collaboration with CAHFSA

#### **Strengthening Food Safety. Reinforcing Compliance. Driving Excellence.**

You are cordially invited to participate in a **GHP & HACCP Refresher Training** designed to reinforce Good Hygiene Practices (GHP) and Hazard Analysis and Critical Control Points (HACCP) systems within food processing and agro-industrial operations.

This high-level refresher session is ideal for:

- Food processors and agro-processors
- Quality assurance and quality control personnel
- Food safety professionals
- Export-oriented enterprises
- Regulatory and inspection authorities
- Agribusiness managers

Participants will benefit from:

- Updated insights on GHP implementation
- Reinforcement of the 7 HACCP principles
- Strengthening documentation and verification systems
- Practical compliance strategies for regional and export markets
- Interactive discussion and expert guidance

**REGISTRATION LINK:** <https://forms.gle/VAkKZ4AsXjv92D4F7>

**COMMIT TO CONTINUOUS IMPROVEMENT**  
**COMMIT TO FOOD SAFETY EXCELLENCE**

## ***FACILITATORS BIOGRAPHY***

### **David Sodade**

David works as a Senior Project Manager, Training-based in Brussels. A certified Trainer with 27 years of experience, a pedagogical/digital Expert and Instructional designer with a multi-sector technical expertise in agriculture, Environment/Energy, learning and development. He has designed, developed, and coordinated the development of several industry-specific training courses across the agricultural sector, specifically in the horticultural value chain, across Food Safety Quality Management, Business Development, Plant health, Agricultural Production and Processing and other related themes, utilising various applications and authoring tools. At COLEAD, he has led the development of training resources across the COLEAD departments and with external partners/ training institutions, including FAO and OECD. CABI, among others. He has conducted several Training of Trainers and facilitated the delivery of tutor-led training across the African, Caribbean and Pacific region. He has supported agribusinesses, regulatory authorities, and export-oriented enterprises in achieving improved food safety standards and market readiness.

### **Ernest Muzukutwa**

An Agronomist by training and now a practicing Consultant, Trainer, and Auditor. Master trainer and trainer of trainers in training and auditing skills with technical experience in Good Agricultural Practices (GAP), integrated Crop/Pest Management Systems and Post-harvest technology and Food Safety & Quality Management Systems and in the development and establishment of in-company training units and systems. An expert in conducting both digital distance training and physical training. One of the COLEAD Experts and Consultants in various thematic areas, with a network of colleagues from the African, Caribbean, and Pacific regions.
